Apologies for absence. Cllr L Young personal reasons,

No members of the public in attendance

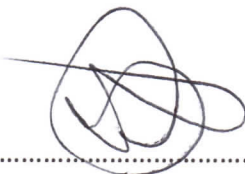

Chairmans Report.

The Chairman extended thanks to the Council clerk for all the work he is putting in on the Kenn Neighbourhood Development Plan and generally keeping the council abreast of the ongoing issues the parish face.

The Chairman thanked all councillors, the clerk and residents of the Parish for the immense amount of work carried out challenging the Lower Brenton landfill application. Over the three years it has taken to reach a conclusion. He along with all residents of the parishes most affected by the proposal hope there will be no appeal to this refusal decision.

He also thanked the clerk and councillors together with residents who have worked countless hours on preparing the Kenn Parish Neighbourhood development plan, which is well on the way to completion, it is hoped that the final plan will be ready for a public referendum by May 2026.

Thanks, was also extended to our County Councillor and our three District Councillors for all their help throughout the year.

Signed.....

Date...8th April 2025.....
